Description			
<i>Provide a short description of the event and its activities.</i>			
<p>The Introduction to Community Placemaking webinar series was delivered in two sessions on:</p> <ul style="list-style-type: none"> • Tuesday 13 December 2022 • Tuesday 24 January 2023 <p>The webinars were framed as an opportunity for participants to learn about how placemaking can help create positive change in their community. The following topics were covered:</p> <ul style="list-style-type: none"> • The core idea and basics of placemaking • Examples from around the world that highlight the potential for placemaking to help create positive change - especially in communities in SE Europe • The essentials of how to do placemaking well. <p>The speakers were:</p> <ul style="list-style-type: none"> • Hans Karssenbergh from STIPO (December 2022) • Vivian Doumpa from STIPO and Placemaking Europe (December 2022) • Ramon Marrades from Placemaking Europe (January 2023) • Milena Ivkovic from Placemaking Western Balkans and Placemaking Europe (January 2023) <p>These were 90 minute sessions, made up of main presentations, Q&A and discussion.</p> <p>Across these two webinars we welcomed a total of 177 participants – 108 participants from 19 EU member-state countries, and another 69 participants from 21 other countries around Europe and the world.</p> <p>Of the participants from the 19 EU member-state countries 77 identified as female, 30 as male and 1 as non-binary.</p> <p>We only counted participants who were connected to the webinar for at least 20 minutes. Another 17 people connected for less than that (5 of them from the EU).</p> <p>Furthermore, another 224 people registered for the webinars, but did not manage to attend (118 for January and 106 for December). This indicates that there is significant unmet demand for further such sessions in the future.</p>
